HEAD COACH

Lee Burch

Welcome everyone to Rugby Borough FC for today's FAWNl game against Loughborough. I would also like to welcome all the Loughborough staff, players and fans.

Before the break, a Sofia Mallon goal gave us a good 1-0 away win at Derby. Last season we struggled away there after a convincing home win like this season, so we didn't want a repeat of that and needed to keep our strong away form going. It was important to bounce back from the tight loss to Burnley. Our aim is to now focus on putting as much pressure on the top two week after week, as we head towards the back end of the season. They also play each other today so we know how important our fixture is to gain some ground.

Today's opponents we know well, having played them in both the league and cup so far this season with 2-0 and 2-1 victories, both away from home. The games have been tight and we as always need to perform well to create and take the chances needed to win the game against a well organised side. Last week's cup game vs Stourbridge showed how ruthless we can be and whilst we understood the result was against a team from the division below, the quality and mixed nature of the goals was pleasing. From set plays, crosses, 1v1s, to team and individual quality- the nature of the performance was good considering it's been a while since we played and hopefully it has set us up for today's game.

Squad-wise we are in a good place, Evie Brown continues her recovery from her shoulder surgery. Freya Upson (Hip) Bethan Roberts (Knee), Alanah Mann (ankle) and Katy Morris (calf) continue rehab, but at the time of writing the squad continue to be in a good place.

Lastly I hope everyone had a good Christmas and New Year. It's great to be back out there and I hope you all enjoy the game. Up the Boro.

Farewell

Nyla departs the club by mutual consent. We thank her for her dedication and contributions both on and off the pitch, and wish her every success in her future endeavours!

Guaranteed Fundraising Success

This weekend, Mogan & Mogan, a fundraising company that has been operating for 30 years, is sponsoring Rugby Borough's huge clash with league leaders Burnley. We sat down with Michael Morgan to discuss the company's journey and to find out more about their involvement with the club.

"The reason we're part of Rugby Borough is because my daughters did a crowdfunder three years ago to help save Coventry United, which of course has now become Rugby Borough. We were already in love with the club, we became even more so and still are now and follow them passionately.

I'll be sponsoring Coventry City the day before the match and we'll be on the pitch, but I'm a great believer in backing women's sports too and we love the people at Rugby Borough. Some of the players are great friends to my daughters and are role models.

In terms of my hopes for the game- I want a victory. There is a dream to get back to the second tier and I think that dream is very possible and we're going to do all we can to help, and we hope the community will rally.

It means the world for us to sponsor in women's sport. I think for teenage girls and for younger girls, ladies like Katy, Alana and Malika are role models and heroes- inspiring the next generation of children to play their own roles in sports. So, we're doing this to encourage others and because we think we might win and we're doing this to give the Borough a great chance of fulfilling all of our dreams by getting promoted."

Cyber security firm joins forces with Borough to champion women's football & community

Rugby Borough Women FC are delighted to announce a new partnership with Kudee Ltd, a leading cyber security and data protection company, as an official club sponsor.

Founded by Olu Olabiyi, Kudee Ltd has been operating for five years, providing comprehensive data protection and cyber security support for small and medium-sized businesses, while also working with larger organisations.

The company's niche lies in helping local enterprises strengthen their data security and risk management, offering tailored solutions to meet specific needs.

Highlighting what makes Kudee Ltd stand out, Olabiyi believes the company's bespoke approach and commitment to clients sets it apart from competitors.

He said: "We are trying to stand out and I would say our unique selling point is we tailor our services more. Other firms give you off the shelf support, for example if you've got a data breach, they will just tell you what you need to do, but we come in and try to understand the risk of what has caused that data breach.

"We would then do a total risk assessment to understand how that risk has happened and in terms of aftercare, other businesses provide that service and charge you for that. But we don't do that, we add that aftercare support to ensure a cyber incident doesn't happen again, mitigating that future risk."

The business owner also has a strong footballing background. The former semi-professional footballer recalled his early playing days and spoke on his connection with Borough's current manager Lee Burch.

"I used to play for Lee Burch when he was starting his coaching days in Southampton. One day he saw me playing in the park and he said come play for me, so I used to play semi-professional standard. So, I do have a proper footballing background." The footballing connection, combined with a belief in the values of women's football and community engagement, made Rugby Borough an ideal club for Kudee Ltd to collaborate with.

Olabiyi reflected on the new one-year sponsorship deal.

He added: "I've been watching Rugby and looking at Lee Burch's Instagram posts and I've seen his journey all the way as well. I think you can see the club is growing and after my conversations with Max Turner (Chief Operating Officer), it seems more like a family and a community club and that is something that Kudee Ltd is all about.

"We also sponsor other local teams in Crawley where we are based, and we want to be part of something big. We know women's football needs more visibility as well and I've got two daughters who are crazy about football. I want to sponsor a club that has values and Rugby definitely has those."

(Credit: MGK Captures)

The sense of shared community purpose is something Kudee Ltd prides itself on. The company is deeply committed to giving back, regularly working with local councils and attending community events to promote cyber security awareness- particularly supporting vulnerable and elderly residents who may be at risk of scams or online threats.

The club's strong community spirit and family-focused culture made Rugby an ideal fit for Kudee Ltd, whose values centre around connection, support, and local involvement. Looking ahead, Olabiyi hopes this is just the start of a long and meaningful partnership between the two parties.

Olabiyi said: "I was buzzing when I saw that Rugby had beat Arsenal and I spoke to Max about it. For me it's more personal than business orientated, as regardless I was always supporting the club before this sponsorship.

"I'm hoping it doesn't stop here, regardless of who's the gaffer or who's running the club and I'm hoping we can build from there and hopefully we can provide support where needed and help the club get even bigger. We will be there to support and not just offering one-off support, we want it to be a continuous relationship.

"Based on the results, I've been really proud of the team and over the weekend I think the team were unlucky with the 2-2 draw. We're hoping for more positive results and hope the club has a very successful season."

The partnership marks an exciting step for both Rugby Borough Women FC and Kudee Ltd, uniting two organisations that share a passion for growth, innovation, and community spirit.

PLAYER SPONSORSHIP

HOME / AWAY / THIRD

£250 each or all 3 for £600

- Have your company logo included in our matchday programme.
- Recieve a signed photo, presented to you by your chosen player.
- Recieve a signed replica shirt of the one you sponsor!
- Recieve two season tickets (league games only)
- Attend an invitation only End of Season Event.
